Ease of Doing Business With

Meets Requirements

Quality of Support

“Excellent easy to use monitoring tool

The interface is very easy to navigate, and it provides all you need to know about your environment at a glance. The landing page gives a bird's eye view of your environment, letting you know what you need to look into in an easy-to-understand way.

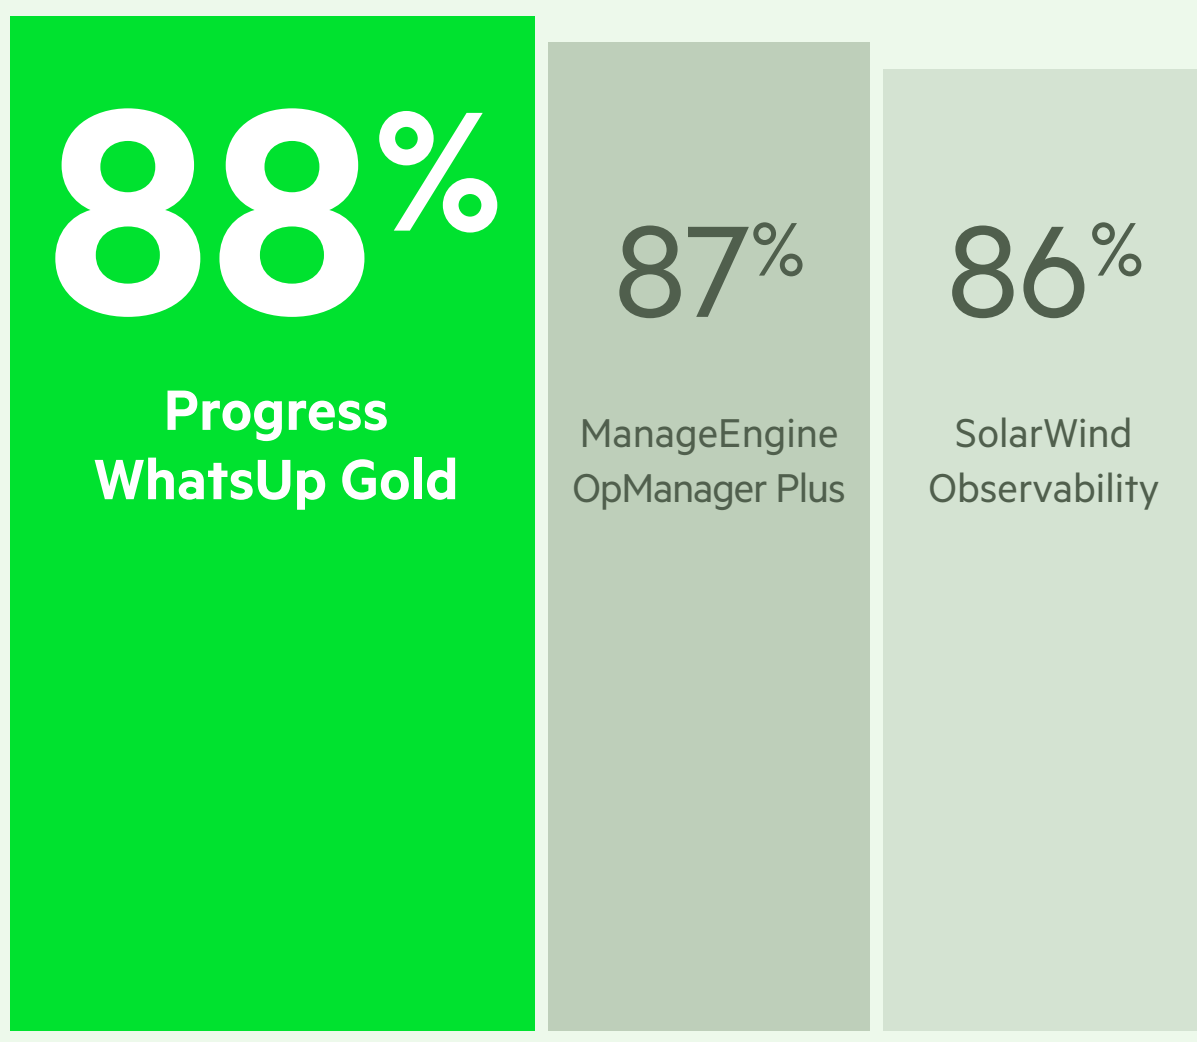

– G2 Reviewer

“The top monitoring software in the market.

– G2 Reviewer

Ease of Use

“A great tool for network health and performance monitoring

Its easy integration with third party tools, and dashboards / reporting capabilities.

– G2 Reviewer

“WUG!! Great systems monitoring solution and easy to setup and maintain!

What's up Gold is very intuitive to set up and use! It has great features and is very customizable for each user. I love the fact that you can get as granular as you want with every aspect of your systems. What's up gold has great support. The support staff is very knowledgeable and friendly.
